How to Apply

OneApp: Infant to Pre-K4, is an **online only application**. To apply, visit EnrollNOLA.org, select your preferred schools or childcare centers, and visit a Family Resource Center or Head Start Eligibility Center to verify your eligibility.

3 Steps to Completing a OneApp for children ages infant - 4:

1 Understand Your Options

There are many different early childhood programs, with different eligibility requirements. It is important to know your options and what it means to be eligible before you submit your child's OneApp. In order to better understand if a program will meet your family's needs, refer to the program list, pages 4-42, to find out more about participating programs.

In addition to the OneApp: Early Childhood Education Catalog, there are several publicly available resources to help families navigate the early childhood enrollment process, such as the New Orleans Guide to Early Childhood Education (available at public libraries and participating programs), Family Resource Centers (see below), agendaforchildren.org, and EnrollNOLA.org. Families are encouraged to reach out to participating early childhood programs for detailed program information or for help understanding how to apply.

2 Apply Online

OneApp: Infant to Pre-K4, is an online only application. To apply, visit EnrollNOLA.org, select your preferred schools, and visit a Family Resource Center or Head Start Eligibility Center to verify eligibility within 5 business days of submitting your online application.

If you do not have internet access at home, Family Resource Centers, public libraries, and many participating programs are equipped with computer labs and trained staff who will be happy to assist you in completing your OneApp.

Apply online at www.EnrollNOLA.org from November 2, 2015 - February 26, 2016.

3 Verify Eligibility

Submitting an application is **not** the final step. You **must verify your eligibility** to the programs listed on your application; **failure to do so will mean your child will not receive a placement**. Applicants need to verify their eligibility within 5 business days of submitting their online application.

- In order to verify eligibility for Pre-K4 and NSECD programs, visit a Family Resource Center anytime during operating hours.
- In order to verify eligibility for Head Start, Early Head Start (EHS), and EHS + CCAP programs, visit a Head Start Eligibility Center, listed on the back of this catalog.
- In order to verify eligibility for CCAP programs, you must complete **A SEPARATE APPLICATION** available at <https://cafe-cp.dcf.la.gov/selfservice/ccapsmartform>. If you do not receive a Louisiana CCAP certificate, you will not be matched to CCAP programs.

All applicants will receive notification of placement results. Results will be available the week of April 4, 2016. If you do not receive your notification letter, please contact a Family Resource Center, (877) 343-4773, or oneapp@rsdla.net for assistance. Please note that EnrollNOLA will use the contact information you provide on your child's application to deliver placement results. **If your contact information changes between now and when results become available, contact a Family Resource Center.**

How Placements Work

Eligible students are placed based on family preference, the number of available seats, and each student's priority to their selected schools and random lottery number.

- School priority groups can include things like siblings of students continuing at the school, and/or residence within the school's geographic zone. Applicants in priority groups will be considered first if there are more applicants than available seats.
- Applicants are first given a random lottery number. Applicants are then grouped by the priorities of the schools they listed on the application.
- Applicants in priority groups are placed first, in order of lottery number. Then, all other applicants are placed by their lottery number, until all seats are full. Early childhood applicants will be placed on the waitlists of any programs ranked more highly than those to which they receive a placement.

There may be more applicants than there are early childhood seats. **We cannot guarantee that all applicants will receive a placement in an early childhood program.**

Early Childhood Eligibility

All publicly-funded early childhood programs have rules that outline things like the income, age, and residency requirements for the students they serve. The rules vary for each program type. An overview of requirements for each program type can be found in the school list, pages 4-42. If you have questions about program eligibility or eligibility verification, contact a Family Resource Center at (877) 343-4773.

Frequently Asked Questions

? What early childhood programs are included in this application?

Publicly-funded early childhood seats and tuition-based seats in participating schools, for student ranging from 6 weeks to 4 years old, are included in this application. Each program type has eligibility criteria and a “priority structure,” which is what determines the order in which applicants get matched to programs. Each program’s eligibility and priorities can be found in the program list, seen on pages 4-42 of this catalog.

? Should I apply for publicly-funded seats?

You should apply for PUBLICLY-FUNDED early childhood seats if you meet the following requirements:

- Your child will be between the ages of 6 weeks and 4 years old, on or before September 30, 2016.
- Your child is eligible for free / reduced-priced lunch or meets the income requirements.
- Your child has an Individualized Education Plan or a current Gifted evaluation.

How do I verify my income for publicly-funded seats?

In order to prove eligibility to receive a publicly-funded early childhood seat at a non-Head Start program, families must submit one (1) proof of income to any EnrollNOLA Family Resource Center. The following documents are accepted for income verification:

Most recent Social Security benefits statement
Alimony as shown in court decree or agreement
Most recent pension statements

Most recent unemployment compensation statement
Louisiana Purchase Card Budget Sheet or Benefits Statement
Last four consecutive paychecks

Or, a letter from your employer indicating:

1) Where you are employed, 2) Your hourly rate of pay, 3) and Average hours worked a week.

If you cannot provide proof of income but believe you are eligible, please contact an EnrollNOLA Family Resource Center.

My child has an Individualized Education Plan (IEP) and/or Individualized Family Service Plan (IFSP). Am I eligible for a publicly-funded early childhood seat?

Yes. Children with an Individualized Education Plan (IEP) are automatically eligible for all publicly-funded early childhood programs, regardless of income; children with Individualized Family Service Plans (IFSP) are also eligible for Early Head Start and Head Start programs, regardless of income. PK4 programs also grant priority and provide services to students with IEPs. **IMPORTANT: Not all early childhood programs offer special education services.** Please contact your preferred program(s) before applying to them to ensure they are able to meet your child’s needs.

? Should I apply for tuition-based seats?

You should apply for TUITION-BASED early childhood seats if you are willing and able to pay the tuition of your desired programs.

? How do I verify my residency?

All early childhood seats have a residency requirement. Sometimes this means a student must be a resident of Orleans Parish to be eligible; sometimes a student must be a Louisiana resident. Look in the program list, pages 4-42, for requirements for each program type.

All applicants must provide two (2) proofs of residency at an EnrollNOLA Family Resource Center or Head Start Eligibility Center. prior to the application deadline of February 26, 2016 The following documents are accepted for residency verification:

Homestead Exemption in the parent’s name

Head Start Programs

what they are and who should apply

Head Start

Head Start is a federally-regulated early childhood program for qualifying applicants ages 3-4 year olds, who live in Orleans Parish.

Free

Ages Served: 3 to 4

Cost: Free

Eligibility: Determined by a federally-regulated set of criteria prioritizing the highest-need applicants, including applicants with an IEP. Open to Orleans Parish residents only. Applicants must turn 3 on or before September 30, 2016.

Head Start programs are offered in many different settings, including in dedicated Head Start Centers, private early learning centers, and family childcare homes.

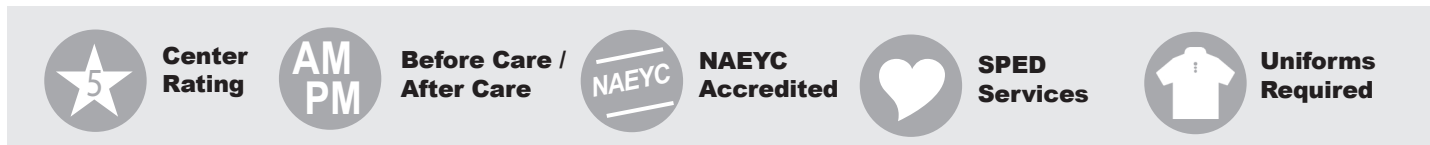

Eligibility and priority for Head Start programs is determined at designated Head Start Centers. Priority will be based on an “Eligibility Priority Criteria” (EPC) score, designed to ensure that the highest-need applicants are given priority to receive early childhood services. This score is based on criteria such as household income, foster care, transitional housing, and more. Current Head Start students seeking to continue at their program next year **MUST SUBMIT AN APPLICATION TO RETURN. In order to verify eligibility for Head Start, families must visit a Head Start Eligibility Center within 5 days of submitting their application. Designated Centers are listed on the back of this catalog.**

Ages Served: Infant - 3

Cost: Free

Eligibility: Determined by a federally-regulated set of criteria prioritizing the highest-need applicants, including applicants with an IFSP. Open to Orleans Parish residents only. Applicants' birthdate must be on or before September 30, 2016.

Current Early Head Start students seeking to continue at their program next year **MUST SUBMIT AN APPLICATION TO RETURN. In order to verify eligibility for Early Head Start, families must visit a Head Start Eligibility Center within 5 days of submitting their application. How to Read EHS+CCAP Profiles

**Center
Rating**

**Before Care /
After Care**

**NAEYC
Accredited**

**SPED
Services**

**Uniforms
Required**

Use the icons above to narrow down your school choices according to what is important to your family. For example, if it is very important that your child's program offer after care, look for the "Before Care / After Care" icon on program profiles. Consider ranking highly those programs that are able to meet your child's needs.

Center Rating

1 STAR – Center has a license in good standing and no outstanding deficiencies.
2 STARS – Center staff has received more specialized training and the center has completed a self-assessment plan.
3–5 STARS – Center provides quality child care based on staff qualifications and the Environment Rating Scales.

Before Care / After Care

Programs with both an AM/PM icon offer both before care and after care, while programs with just "AM" or "PM" offer only that service. Please note that there are sometimes fees associated with these services. Contact your programs of choice to find out more.

NAEYC Accredited

Centers accredited by the National Association for the Education of Young Children (NAEYC) must meet a strict set of criteria demonstrating their ability to meet and maintain programmatic, staffing, licensure, and other expectations for providing quality childcare.

SPED Services

Programs with the "SPED Services" icon may offer some, but not all, types of Special Education Services. Please contact your programs of choice to ensure that the services they offer will meet your family's needs.

Uniforms Required

Many programs require their students to wear uniforms. Look for the "uniforms required" icon to find out more, and contact your programs of choice to inquire about associated fees, requirements, or uniform assistance.

EHS + CCAP

Early Head Start + CCAP Programs offer early childhood options to families who qualify for both Early Head Start (EHS), and the Child Care Assistance Program (CCAP). Eligibility and Priority information is the same for all eligible EHS + CCAP applicants:

Eligibility & Priority: Families must be eligible for both EHS and CCAP: Eligibility and priority for EHS programs is determined by what is called an Eligibility Priority Criteria Score (EPC), a federally regulated set of criteria designed to ensure EHS Centers are serving the highest-need applicants. Louisiana residents who meet income requirements for both EHS and CCAP programs, and who work, are in school, or are in a training program for at least 30 hours a week may be eligible for EHS+CCAP.

In order to determine your child's initial eligibility to participating programs, answer the required questions on the online application. In order to determine final eligibility and priority, you will need to visit a Head-Start Eligibility Center, listed on the back of this catalog, and **submit a separate CCAP application.***
